SIVOTA

Most of the people visiting Sivota stay only near beaches. Nevertheless, the rest of the area is also equally interesting. From the south side of the settlement starts a beautiful route which includes the abandoned Vrachona settlement and Polineri village. Because the area is full of rural roads most of the route follows them. Hikers' effort is paid back with the beautiful view of Sivota islets and Corfu in the background.

KASTOS ISLAND

The very idea of any location remaining truly undiscovered and unspoilt in the 21st century seems unlikely, to say the least. That such a location could be a small island off south western Greece, surrounded by opal seas and boasting lush green hills, empty beaches, two quiet harbours and scarcely more than 50 permanent residents, would make the suggestion seem frankly far-fetched. Yet this is the reality of Kastos.
